THE EVERYTHING YOUR BUSINESS WILL NEED MARKETING PRODUCT CATALOG!

2021
Full Color Announcement Cards and Full Color Announcement Magnets make ideal messaging tools for individuals and businesses in a wide variety of vertical markets. Printed on premium substrates or 17-point magnetic stock (for magnets) with a range of finishing options, Announcement Cards and Announcement Magnets are a great way to ensure that your carefully crafted message gets delivered, seen and saved. Announcement Cards are flat cards with the option of blank envelopes. Great for Save the Date Announcements, Special Promotions, Store Openings and Sample Sales.

**EndurACE**

EndurACE is a truly unique product consisting of special materials that make it water proof, resilient, and give it a durability that will last for many years. EndurACE gives your customers the ability to get maximum exposure out of each card. They are great for restaurant menus, emergency services, insurance cards, business cards and many other creative ideas. EndurACE is a 10pt thick stock which has the feel and body of our 100lb paper stock.

**Booklets**

Booklets are powerful sales tools and provide an excellent way to communicate key messages about your services, products and company. Booklets range from 4 to 52 pages, printed on a selection of stocks and assembled in-house. To ensure the pagination is correct, pages should be submitted as single pages, not as spreads, except for 4 page and 6 page booklets where printer spreads are required. All elements, text and images not intended to bleed off need to be at least 0.25” from the cut line for safety.

**CD & DVD**

Our CD and DVD products are tailored to industry-standard jewel cases and slip covers. They are the perfect solution for businesses who manufacture CDs or DVDs, or for presentations, training videos, and software programs. Our CD sleeves are the perfect no-jewel case option for that professional and presentable finish.

**Plastic Cards**

Plastic Cards are a great way to put your business in the lead! They offer thousands of practical and promotional applications with a huge market. Plastics are set to super affordable Trade-Only prices, providing a huge opportunity to perfect your profits with comfortable mark-ups. Plastic Cards are durable and printed on 20PT Plastic Opaque White, Frosted, and Clear stocks.

**Rack Cards**

Commonly used in the travel and tourism industry, our Custom Rack Cards are printed on premium quality cardstock and can be used to promote anything from travel packages, to products & services, limited time offers and more.
Business Cards

Spot Gloss UV • Ultra Thick • Plastic • Folded • Matte • Glossy • and many more!

Reach new markets, maintain contacts and more with premium quality Business Cards one product that no business can survive without! And with high standards in quality, service and turnaround, customers are guaranteed to make an impact with some of the finest looking cards in the industry. All for a price that can’t be beat.
Saddle Stitched Catalogs have a thicker cover stock for enhanced quality and durability and are great for booklets, magazines, newsletters, event programs and more! Our professional saddle stitch binding offers a great finishing option for your documents.

**4D Lenticular Prints**
Add a new dimension to your prints! 4D Lenticular Prints is a new product that offers you dimensional print to deliver twice the message in the same print.

**Catalog**
Saddle Stitched Catalogs have a thicker cover stock for enhanced quality and durability and are great for booklets, magazines, newsletters, event programs and more! Our professional saddle stitch binding offers a great finishing option for your documents.

**Bookmarks**
With a variety of card stocks, you can be sure you won’t lose your place with these excellent bookmarks.

**Door Hangers**
Door Hangers help you maximize your marketing impact efficiently.
A quick way to spread the word to local customers. They are at the pinnacle of effectiveness in this rapidly evolving world of direct marketing strategies.

- Target specific neighborhoods or towns
- Easily slides on with one hand
- Eye-catching full color printing
- Printed on premium cardstock
- Die-cut hole keeps door hanger in place
Envelopes

Offset Envelopes
Offset envelopes are printed flat on offset presses, then die cut and converted into envelopes. For Offset envelopes with bleed on the face or print on any flap, it is required that the artwork be placed on a Certified Envelope Template.

Digital Envelopes
Digital envelopes are pre-converted and printed on high tech digital equipment. They’re available as 4/0 (Full Color on Front – envelope face), 4/4 (Full Color on Back Flaps) and 0/4 (No Color on Front – envelope face and Full Color on the Back Flaps). Full color backgrounds are NOT recommended, it is best to use a white background with low ink coverage, (e.g. logo and text only), the ink coverage should not exceed 40%.

Hang Tags
Perfect for clothing, accessories and more, Hang Tags are a great way to add essential information to your merchandise. Drill Holes are a standard feature and are included with all of our Hang Tags products.

Letterheads
Complete your business package with 70lb Premium Uncoated Text letterheads. They are printed on bright white, heavy bond paper.

Linen Coated
All Linen stock is 30% recycled material. Linen Text and Cover allows your print products to gain a unique feel and texture. It can enhance the appearance of your business package and will certainly make a grand impression.
Greeting Cards
Get the word out with our Greeting Cards and Announcement Cards. Both products are available with unique finishing options and are printed on the highest quality paper. Greeting Cards include a half score and some have the option to add Gift Card Slits, while Announcement cards are flat cards.

Menus
Showcase deals, designs and brand identity with high-quality, multi-purpose Menus. The perfect marketing option for restaurants, trade shows and events, these high quality printed materials feature a variety of sizes, stocks, finishes and folds to fit any occasion or promotion. Present what your business has to offer and experience the versatility of Menus today!

Flyers & Brochures
Flyers and Brochures are available with a variety of folding options in various sizes. Standard Accordion folds are offered as 4-panels. We also offer 5-panel Accordion fold jobs via Estimating only. Coating options on this product category include AQ or UV Coating. No AQ or Spot AQ is available through estimating.

Calendars
Custom Calendars mean 365 days of brand exposure! Calendar printing is an easy and cost-effective way to make sure your business or brand is seen by dozens, hundreds or thousands of people every day. It’s also a great way to promote your business. Our full-color Calendars are printed on top-quality offset and digital printing presses and they range from 24 to 32...

Magnets
Give your brand, product or service staying power by advertising with Magnets! Printed on premium quality 17pt magnet-backed stock Uncoated, Magnets come in sizes ranging from Business Card size, to Announcement Card size. Announcement Cards are flat cards that are perfect for invitations and save the date cards, plus they come with optional matching Blank 70lb Opaque Envelopes.
Event Tickets

Out-Stub the Competition with Premium full color Event Tickets!

Available in a variety of popular sizes with optional Variable Numbering and Perforation, Event Tickets are printed using superior quality stocks and finishes for a professional touch.

Numbered tickets are essential for any paid event, allowing you to ensure that all entrants are paid and accounted for. Great for things like fundraisers, raffles, charity galas, theater and more.

NCR Forms

Leave the carbon mess behind with NCR Forms, the modern alternative to carbon paper! NCR Forms are an efficient way to provide multicolored copies of a single document with handwritten or typed information. Use them as order forms, packing lists, invoices, receipts, and more. Useful where signatures, dollar amounts, or other information will be added to the form by hand.

Notepads

Notepads are available in various sizes and page count with a full four color process. All the notepads come with a nice sturdy chipboard backing and the pages are compiled of premium 70lb text with maximum brightness. Run size quantities are based on total number of finished pads.

Sell Sheet

Sell sheets are a great example of how our relentless pursuit of the highest quality products pays off. A great 4-color glossy sell sheet can make the difference between whether a company is seen as an industry leader or a prospective client.
Table Runners will add a finished professional look to any table display, trade show booth, or special event. They are 100% polyester, wrinkle resistant and printed using a superior quality dye sublimation process.

Roll Labels are great for packaging and promotions and they are printed on high tech digital equipment. Use them on bottles, as warning labels, or for branding. With different stock options, you will never run out of uses.

Table Covers
Table Runners will add a finished professional look to any table display, trade show booth, or special event. They are 100% polyester, wrinkle resistant and printed using a superior quality dye sublimation process.

Counter Cards
Any flat surface or countertop becomes premium ad space with easel backed Counter Cards. Use them in glass display cases, on bookshelves, register counters and tabletops. Place your marketing message at eye level with full color printed Counter Cards. With several sizes to choose from and the option of lightweight Foamcore or durable PVC, Counter Cards fit a variety of applications. Counter Cards have white chipboard easel backs and are recommended for indoor use.

Roll Labels
Roll Labels are great for packaging and promotions and they are printed on high tech digital equipment. Use them on bottles, as warning labels, or for branding. With different stock options, you will never run out of uses.

Stickers
Stickers are the perfect way to brand boxes, bags and retail products, while allowing you to elevate your brand with optional Akuafoil.
Window Clings

Window Clings are near photo quality and ideal for POP signage on glass or glass-like smooth clean surfaces. They are printed on a glossy material and can be used indoor or outdoor. Clear Window Clings are range in sizes from 3x3 to 12x18 and cling on the front side of the print. If your Clear Window Cling is intended to be viewed from the outside of a window, then the artwork must be reversed prior to submission.

Tear Off Cards

More convenient than ever, Tear-Off Cards are a perfect 2-in-1 promotion piece to get your name out and your customers to easily remember you. Tear-Off Cards have a perforated business card on the bottom, where your customers can easily tear-off and store. As well Tear-Off Cards offer a multitude of uses such as membership cards, coupons, raffle tickets, appointment cards, etc. Use the post card area to pass on information and the tear-off section to make a remarkable statement.

Presentation Folders

Impress your business meetings, conferences and trade shows with durable, high quality Presentation Folders. Choose from a variety of papers, coating options and sizes. Be one of a kind with the unique 6x9 mini folders. Complement your presentation with Sell Sheets, Flyers and Business Cards.

Postcards

The most versatile marketing tool out there.

There are so many ways to use a postcard. They’re ideal for elegant invitations or presenting your business in a premium way via mail or in person. And because they don’t have to be opened, they’re more likely to be seen than other forms of direct marketing.

Make your headline hit home
Tell readers how your business or product will benefit them, but make it short and engaging.

Keep it simple
Don’t over complicate your message. Too much information can be overwhelming, so it’s best to be concise.

Give them a deal
Customers are far more likely to purchase if you include a special offer or discount.

Tell readers what to do
Do you want them to go to your website? Visit your shop? Give them a call to action and they’ll follow.
Natural Cards: Light cream in color with a smooth finish, our 14pt Natural stock gives cards an organic look and feel.

Foil Worx: Shimmer and shine brought to your product with Foil Worx! Having the option between gold, copper or silver foil accents on 14pt Uncoated or 16pt Silk Laminated Business Cards and Postcards for an ultra-refined custom finish that adds worldliness and chicness to any company.

Luster Cards: Luster Cards are printed with high-quality offset equipment on 16pt card stock and then they are laminated with an optically clear 3mil high-gloss laminate on both sides, making the cards a colossal 22pt thick. Giving your business cards a durable beautiful water resistant coating that will make a lasting impression.

Raised Foil

Suede with Raised Foil: Add a flash of brilliance to suede Raised Foil. Foil stamping typically a commercial printing process, is the application of metallic or pigmented foil on to a solid surface by application of a heated die onto foil, making it permanently adhere to the surface below leaving the design of the dye. The cards are printed on 16pt card stock, laminated on both sides with 15mil scuff resistant, soft velvet laminate, which give them a substantial thickness of 19pt. Please note that the raised foil effect is used for the front of your product only.

Raised Spot UV

Raised Spot UV: Suede Raised Spot UV Cards feature smooth glossy raised areas that contrast beautifully with the Suede/Soft Touch Laminate foundation of the cards. Spot UV will bring jealousy to all of your competitors and attract new business with your beautiful new Raised Spot UV cards!
Painted Edge Cards

Give customers an edge over the competition with Solid PAINTED EDGE business cards!

This card is a sturdy, ultra thick, 32pt with plenty of room on the edge for featuring color accents. Choose from a selection of eye-catching, vivid colors, or classic white. Create an unmistakably bold and solid statement.

Brown Kraft Cards

Brown Kraft Cards: Light brown kraft paper has natural fibers and subtle visible flecks to give Kraft Cards an organic look and feel. The stock is 100% recycled lending to its rustic, eco-friendly appeal.

Silk Cards

Silk Cards: Silky smooth to the touch with a matte appearance, Silk Cards are laminated on both sides giving them a supple texture and added durability. Long lasting water and tear resistant 16PT Silk cards bring sophistication to print products and marketing materials, enhancing your customer’s brand and allowing them to stand out from the crowd.

Pearl Cards

Pearl Cards: Our 14pt Metallic Pearl paper is a unique stock that shimmers in light when viewed from different angles. The stock itself is embedded with Pearl fibers that give the paper an overall smooth, metallic look. Printing on this stock will give your CMYK colors a subtle shimmer, however; heavy ink densities or coverage may diminish the effect.
**Edge Cards**

Printed Edge Cards: Give your business an edge over the competition with Solid PAINTED EDGE business cards! This card is a robust, ultra dense, 32pt with plenty of room on the edge for featuring color accents. Your choice from a selection of breathtaking, lively colors, or classic white.

---

**Platinum Pearl Cards**

Platinum Pearl Cards: The ideal for bringing style and class to brands. This luxurious silvery substrate has a subtle glimmer and an ultra smooth surface, adding dimension and impact to images on every printed product. Announcement cards are also available with the option to add 70lb Pearl blank envelopes.

---

**Akuafoil**

Akuafoil: Printing, the result includes shiny, metallic features. On the other hand, cold foil printing is a printing process that uses a standard printing plate. During the process of using it, a cold foil adhesive is used to print an image onto a substrate.

---

**Suede Cards**

Feel the difference with Suede Cards

Suede Cards: Feel the difference with Suede Cards – soft to the touch, they bestow luxury to brands and create high impact marketing pieces. Suede Cards are printed with high quality offset equipment on 16pt card stock, then they are laminated on both sides with 1.5mil scuff resistant, soft velvet laminate, which give them a substantial thickness of 19pt.
Grand Format
Outdoor Banner

Outdoor Banners can be used for billboards, building wraps, banners, trade show signage and more. Waterproof and durable use them outdoors and indoors.

Bumper Stickers

Perfect for outdoor use, our Bumper Stickers adhere easily to bumpers and have the strength to withstand a variety of environmental conditions. Great for use on car bumpers, motorcycles, suitcases, bicycles and so much more. So go ahead and hit the streets with your brand, full speed ahead! Bumper Stickers can be ordered with Gloss UV Clear Lamination for longer-lasting outdoor durability.

Yard Signs

Yard Signs are printed in full color on premium 24pt board stock that is polyethylene coated on both sides. Yard Signs are printed on 22" x 28" sheets that are scored in half to be folded to 22" X 14". U-Frames are available for purchase.

Wall Mounted Canvas

High quality prints on 17mil Artist Canvas printed and mounted on light and durable stretcher bars. These prints can be used as gifts or business and photography applications. Available in different standard sizes.
Deluxe Banner Stand

Deluxe Banner Stands are a more stylish alternative to our normal retractable stands. Bigger, heavier base with chrome accents make it stand out. 10 mil indoor vinyl, Collapsible and portable, comes with a convenient carrying case.

Adhesive Vinyl

Transform high-traffic floor areas into attention-grabbing ad spaces with 4mil Floor Graphics.

Our removable Floor Graphics are ideal for interior applications on most dry, clean and untextured floors.
Banner Stand X-Style

Our Economy “X-Style” Collapsible Banner Stands are versatile and easy to setup. They are available with either our 13 oz scrim vinyl outdoor or 10 mil premium vinyl indoor banners and arrive in a slim nylon bag.

Fabric Banners

Perfect for wall décor, POP displays and more, this lightweight poly/cotton matte Canvas looks great mounted or framed and is also easily rolled and shipped. Hems, Grommets and Pole Pockets options are available for additional ease in hanging.

Feather Flags

Feather Flags are printed using superior direct to fabric dye sublimation equipment. These premium quality flags are printed on 3oz Polyester. Ideal for advertising businesses, events, and trade shows.

Pole Flags

Flags are printed using superior direct to fabric dye sublimation equipment. These premium quality flags are printed on 3 oz. Polyester and have a canvas reinforcement strip with 2 grommets on either the left or the right side, parallel to the short side of the flag.
Table Top Retractables

Maximum impact with minimal effort! Instantly promote brands and more with Tabletop Retractable Banner Displays with 10mil Premium Indoor Vinyl Banners, perfect for customers on the go! Available in a variety of tabletop-friendly sizes, this product is ideal for pop up displays at trade shows, university orientations, and indoor events of all kinds.

Wall Decals

Designed mainly for indoor use, custom wall decals are a great option for office, business, and retail walls as well as home decor.

A wall decal is an image or graphic printed directly onto an adhesive, opaque vinyl material. A low-tac adhesive is used, allowing the vinyl wall decal to be removed, reused, and repositioned many times without damaging paint or drywall. Wall decals are able to be cut to shape, have unlimited color options, and come in a wide range of sizes.
Event Tents

Event Tents are the perfect large-scale marketing medium to get noticed at festivals, conventions, trade shows and more.

They are printed with UV Ink Technology on 11oz water-repellent fabric. They include 4 fabric panels that can feature up to 4 different designs (one for each side). Each panel is sewn together and set up on a 10’ x 10’ aluminum pop-up canopy tent.

Backlit Posters

Lighten up with Backlit Posters! Composed of a 9mil semi-rigid material with a glossy topcoat, Backlit Posters allow customers to create messaging that lights up and stands out with vivid backlit graphics and superior light diffusion.

Large Posters

Get your message out with our high quality large full color Posters! Printed on a range of stocks with the option of glossy and dull finish, we give you the versatility to ensure your message looks its best wherever it is displayed. Choose from high gloss UV for high impact. For a softer look, choose gloss AQ and to reduce glare in bright areas choose Satin AQ.
Sidewalk Signs

Promote your company with attractive and versatile sidewalk signs, such as A-frame signs and the Blizzard. The Blizzard is strong and can withstand strong winds without tipping over.

We print your advertisement on a vinyl banner that is excellent for the outdoor elements.
Rigid Signs

Rigid Signs include coroplast, foamcore, and PVC signage. All three options are available in full color and in custom sizes. Preferred uses for coroplast signs are yard signs, political signs, and real estate signs. Foamcore signs are used for presentations and are used to mount posters on to. PVC is a rigid plastic that is lightweight and weather resistant.
Customized Backdrops for Tradeshows and Conferences

Backdrops are perfect for conference and trade show displays. Simply customize the backdrop design with your company logo to be used as step and repeat banners.

Include one large image and use them as photography backdrops, wedding backdrops or stage backdrops.

You can get your backdrop printed on a 13 oz. vinyl material, 15 oz. vinyl material, or adhesive fabric. Sizes range from 8’ x 8’ to 8’ x 20’. Your backdrops can include optional pole pockets placed at the top and bottom, grommets every 2’, or a banner stand.

Window Graphics

This perforated window film is designed for production of see-through graphics for windows.

A 6mil white flexible vinyl front with a clear removable acrylic adhesive back. Recommended for use on flat vehicle windows or retail store windows.
Tote Bags

This sturdy eco-friendly 6oz cotton-canvas Tote Bag is washable, reusable and useful for anything from grocery shopping to hitting the gym.

We print full color on both sides and offer a huge print area of 9 x 13. Our Totes include dual self-fabric straps for convenient over-the-shoulder carry, leaving hands free for shopping applications. With low minimums, you can upload various custom images conveniently.

Pins

Printed Pins are the perfect process for complex designs with multiple colors, color blends, and photo reproductions.

Offset Printing is the same process used for printing photographs and other complex images. Silk Screen Printing is used for solid colors and is the same process used to print signs and banners. We can use these same processes for your printed lapel pins. We offer 3 different base metals for printed pins; either brass, stainless steel, or aluminum.

Brass is the best and is the only choice if you want your lapel pin plated in bright gold or silver. Stainless steel is a durable choice but can not be plated in gold. Finally aluminum is the most cost effective and lightest base metal but it can not be plated and has a brushed silver look.

Dye Sublimation
**Dye Sublimation** is a printing method that uses heat sensitive inks to produce crisp, photo-lab quality print images. It is excellent to use for high-quality printing on fabric and small quantity runs. The ability to use on short print runs makes dye sublimation a superb choice for personalization as well.

There are many benefits to using dye sublimation printing over other traditional print methods. Some of the benefits are:

**Images Do Not Fade or Crack**
Since the heat causes the dye to become part of the fabric it is applied to, the image is more durable, resists cracking, and can be washed without risk of fading.

**Images are High Quality**
Dye-sublimation printing applies the ink as vapor, instead of traditional print methods that lay down colors in dot patterns, resulting in white space between the dots that can lessen the quality of an image and give it a more rough appearance.

The dye sublimation process creates a graduation around the edge of the pixels, creating a much smoother, more natural image.

**Can be Used for Short Runs**
Traditional printing methods, such as silkscreen, often require larger runs to be cost-effective. The process of dye sublimation makes shorter runs not only achievable but cost-effective as well.

**Customization is Easy**
Since the process of dye sublimation involves individual prints, product personalization is easy. Adding names, numbers, or other personal touches to a product is as simple as creating a new file.

Vehicle Wraps
MOVING ADVERTISING...WILL GET YOU NOTICED.

Having a 3M vehicle wrap means that your car wrap is long-lasting while having the strength to sustain your graphic imaging in this South Texas heat.

PROCESS

Our creative graphic designers will create a mock-up based on the type of vehicle.

You will review and request revisions if any.

After all revisions are complete, and you are satisfied with the design, you will approve for print.

After proof approval, the vehicle wrap will move to print production.

Once print production is complete, it will go through quality control.

Once quality control approves, one of our team members will set up a date and time for our professional installers to install your vehicle wrap.

The vehicle will need to be washed before dropping off at Chile Media for installation.

The installation will begin and will be reviewed again by quality control.

Viola! Pick up your vehicle, then get moving and get noticed.

HALF VEHICLE WRAP

Half vehicle wraps give the impression of a full vehicle wrap without the full vehicle wrap budget. Chile Media’s graphic design team will creatively design a partial vehicle wrap that will still have as much impact as a full vehicle wrap. We take advantage of the type of vehicle you have, and it’s design and tailor a design to your particular vehicle so that it showcases the information you want the most. We use the same high-quality vinyl and still invest the same amount of attention to detail on all of our wraps. A half vehicle wrap is an excellent investment for any business looking for the best ROI on their advertising dollars.

PARTIAL VEHICLE WRAP

A partial vehicle wrap is the best solution for someone looking to wrap less than 40% of their vehicle. You can still utilize a good portion of your vehicle, such as the hood, tailgate, or vehicle sides, as long as you have an expert fluid design that can still get your message out. That is why Chile Media’s graphic design team is perfect for this type of vehicle wrap. We know that budget means everything, and we want to get you the most out of each marketing dollar you spend. Leave it to our graphic design team to work up a custom created design for your partial vehicle wrap that will still advertise your business.
CREATIVE PROCESS

With attention to detail, a good design requires engaging content using headings and sub-headings, followed by informational text for informational pieces.

Once defined, the message then goes to the creative application, but sometimes the graphic or illustration comes before. Whether the ideas fly out of our heads or come from a compositional sketch, our team of creatives know how to think outside the box and know how to apply the introduction of communication inquiry.

At Chile Media, we use all methods old and new to come to the inspirational point of execution, taking your idea and making it into a graphic, logo, or brand.

The creative process is never the same for any one product or client but the path is. Good design requires catchy content using headings and sub-heading followed by informational text.

Once defined, the message then goes to creative application but sometimes the graphic or illustration comes before. Whether the ideas fly out of our heads or come from a compositional sketch, our team of creative knows how to think outside the box and know how to apply the introduction of communication inquiry.

At Chile Media we use all methods old and new to come to the inspirational point of execution taking your idea and making it into a graphic.
CREATIVE DESIGN VS. GRAPHIC DESIGN

You can find a graphic designer anywhere. It is easy for someone to title themselves as a graphic designer but difficult to earn the title. The reality is that intuitive and creative design overcomes good graphic design. Using the art of graphic design as a vehicle to creative and original design is something all advertising agencies strive to achieve. A unique, eye-catching design is the product of combining emotional and logical cues to drive a response or behavior to those who view the design.

All advertising and visual graphics are the attempt at creative design but attaining it takes a trained eye, ingenuity, and quality content. With hundreds of ads around us daily, having an edge above the competition is a must in order to compete for favor and response to design compositions.
Web Design
JOIN THE WORDPRESS REVOLUTION AND INCREASE YOUR SALES FOR YOUR COMPANY.

CHILE MEDIA CAN CREATE A WORDPRESS WEBSITE THAT WILL HELP YOU GET THE WORD OUT ABOUT WHAT YOU DO.

WordPress has become a powerhouse in the web design business. There are now many businesses that are using this powerful tool. At last count, there are currently over 75,000,000 sites in the world, and this number is growing.

The growing popularity of WordPress has been because of all of the functionality plus the different looks that it offers a website. There are tools to backup your site, added security features, slideshow options, and so many more.

At Chile Media, we are taking this impressive tool and bringing you the vast capabilities it provides. Not only will we provide a great looking site (to the envy of your competitors), but we will make sure it is done right and is easily searchable.

Chile Media has a great web team that will take you from the very first step, all the way to taking your website live. Let Chile Media take you on a great journey and help you attract more clients for you or your business.

Here are some things that you can expect from your new website:

• You will be able to interact with your visitors via forms
• Show your visitors that you’ve got what they need
• Attract people to ask for more information
• Update your content regularly so people will come back to view your site
• Turn your visitors into buyers
RESPONSIVE WEB DESIGN
The majority of people now use their cellphones or tablets to lookup websites. This is where having a responsive web design comes in handy. Rather than force viewers to enlarge a page or to use the left/right scroll bar, we can make sure that your website is easily viewed on either a cellphone, tablet, or desktop.

CONTENT
“Content is King” – that is a quote you will see used frequently when you talk about web design. The more text you have on your website, the longer a viewer stays on your site. Consequently, this will help you with ranking and have a better opportunity to rank for target keywords.
THE PROCESS

Some people might find the process of doing webpages daunting, and it can be, but Chile Media can help you with the process by supplying a worksheet that will help you think of what you want your site to convey. Then, we take this worksheet and the content you provide and convert it to a website.

In order to get this site up and running within a reasonable amount of time, we ask that you provide us with all of the content (text and graphics) before we set up your site.

After you are satisfied with the look and the content, we will check for speed, and add some basic SEO (if you choose one of our SEO plans). So, after the site is done we will not leave you stranded. Things are constantly changing and evolving. We can offer you low-cost maintenance packages where you can call us if you need any changes made. We will also make sure that your site is updated monthly.

SEO FRIENDLY

It is great to have a good looking site, however, if you can't be found on a search engine, then not many people will be able to see that great looking site. SEO, or Search Engine Optimization is the next step in the process. Chile Media can help you generate more leads by focusing on adding information to the back-end of your site, to help a search engine know what the site is about.
Social Distancing Graphics
Social Distancing Floor Decals
Enforce social distancing with branded floor decals. We offer various shapes, including circles, rectangles, and custom contour cut shapes such as arrows for directional purposes. Our adhesive social distancing decals include a matte lamination, making them easy to clean.

Are you ready to order but need graphic design help? No need to worry; leave that to us. Our graphic design team will mock up a design for you. We offer quick production turnaround on all of our social distancing decals. Once you approve your mockup, we will start print production.

Social Distancing Wall and Window Vinyl Decals and Floor Decals
Encourage social distancing in your business, restaurant, or office with vinyl decals. We produce custom decals in any shape or size to suit the needs of your space. All of our social distancing wall, window, and floor decals are available in full color with a quick production turn around time.

Social distancing decals are an easy way to communicate to customers about their proximity to others. They remind us all to observe the guidelines in a friendly, positive way.

Wall And Window Vinyl Decals
Our social distancing wall and window decals are on a low-tac adhesive vinyl allowing it to be repositioned and removed with ease. Vinyl decals are intended for smooth interior wall surfaces and windows. When installing on walls and windows, it is important to clean the area before applying for best results.

Sneeze Guards and Dividers
We provide tabletop acrylic sneeze guards that are easy to install and are portable. We can brand them with your company logo too. Sizes available are 44”wx22”h, 44”wx31”h, and 44”wx35”h.

We also offer hanging sneeze guards that can be branded or blank. They are available in lengths and widths of 24”, 30”, 36”, and 48”. They are secured in an aluminum snap frame and are easy to disinfect.

If you need a simple way to separate co-workers or customers from each other without having to re-arrange your space, use banner dividers or plexiglass stands. They are portable and lightweight.

All of these products are a friendly reminder to your customers of social distancing throughout their visit and will let you focus on the work you love. Call Chile Media today for more information.
